Gesine Stegmann

Gesine Stegmann has been an outstanding member of staff at Wells Cathedral School for 25 years. Musically her credentials are exceptional and her commitment to the woodwind department and her students impressive.

Her ability to teach flautists of all ages and stages, and in particular to stretch the most able, has been a real asset to the school. Gesine has also run very successful flute groups and encouraged her students to perform as often as possible.

It has been a pleasure to work with Gesine.
